North West Group Outdoor Events 1995 - 2015

(v1.0, 14th February 2020)

North West Group have organised outdoor events on a regular basis since 1996. What has become a tradition of monthly walks, coach trips, rail tours and lunches started with two events in the Summer and Autumn of 1995. These are shown below.

This document summarises the 258 walks and other outdoor events that took place in the 21 years between 1995 and 2015. The list was compiled, using past Bulletins, by David Nussey and Graham Lancaster.

Many of these events will be worthy of being repeated. We welcome your suggestions for future walks either from this list or for others that are prompted by looking through the following nine pages.

Please contact David, Graham or any member of the NW Group Committee.
